

FIVE STAR RACING WINDOWS ANNOUNCES CONTINUED CONTINGENCY SPONSORSHIP OF THE SCCA U.S. MAJORS TOUR

PROVIDING A CLEAR VIEW TO VICTORY WITH PROVEN OPTICAL QUALITY WINDOWS

Five Star Racing Windows is proud to announce their return as an Official Contingency Sponsorship of the 2017 SCCA U.S. Majors Tour.

Five Star's Premier Racing Windows are the #1 window used in all motorsports. Top teams from all forms of racing choose Five Star Windows for unrivaled optical quality with a permanent anti-fog coating, as well as having first-rate scratch, chemical, sandblast and abrasive resistant coatings. Five Star is the official supplier of polycarbonate windows to all divisions of NASCAR and along all forms of racing including drag and oval racing, motorcycles, heavy equipment, mass transit and decorative glazings.

"We had a tremendous response from SCCA competitors across the US that appreciated the support from Five Star Racing Windows in 2017. We are looking forward to 2017 and growing our partnership with SCCA across the board. Five Star currently produces a vast majority of the windows used in the classes where polycarbonate is allowed and we are always looking to expand our product line to those high demand customers. I am excited to get out to the SCCA Majors events again this year to work with the competitors and to show them why Five Star Racing Windows will not only provide them with exceptional safety enhancement, but a clear view to win with our proven optical quality windows." stated Five Star Bodies Key Program Manager Steve Einhaus.

Five Star Coatings is a revolutionary company leading the way in the world of custom coated plastic products. Our state of the art facility boasts the most advanced technology available, bringing you the highest quality coatings for the toughest applications. As a leading edge supplier of abrasion resistant and specialty coatings, Five Star Coatings is the clear choice for your racing window needs. We guarantee the highest level of optical properties found in the industry today.

Five Star Racing Windows offers a large variety of racing windows with variable thickness's for all forms of road racing vehicles around the globe. The full line of windows that are available can be viewed by visiting our windows page at www.fivestarbodies.com.

Product certificate awards are presented to the top three finishers per race in 2017 SCCA U.S. Majors Tour competition. Winner receives a \$75 product certificate, and both second and third earn a \$50 product certificate.
