BECOME A CERTIFIED BODY TECH INSPECTOR!

THE OFFICIAL 2027 BODY TECH SUMMIT

HOSTED BY: abc APPROVED BODY CONFIGURATION

WHO SHOULD COME?

ALL PAVEMENT RACE TRACK PROMOTERS - OWNERS - TECH STAFF

COURSE CONTENT DESIGNED FOR PAVEMENT LATE MODEL TECH INSPECTORS OF ALL EXPERIENCE LEVELS!

This hands-on certification training is designed to create consistency in Late Model body inspection nationwide and to introduce approved inspection techniques for the NextGen Body. Attendees will work directly with templates and inspection tools to gain real-world experience. Upon completion, each participant will leave officially certified in proper Tech Inspection techniques and will receive a certificate of completion.

YOU'LL LEARN HOW TO:

- ***Inspect the NextGen Body using templates and the Referee Tech Inspection Device***
- ***Apply correct tools, measurements, and tolerances for new bodies***
- ***Understand and implement the latest updates to the Referee Tech Inspection Device***
- ***Identify key items to watch for when a racer presents a car for inspection***
