## YESTERDAY, TODAY & TOMORROW...ALWAYS THE BEST!

Five Star Race Car Bodies, a division of Five Star Fabricating, Inc., was established in the late 1970s by Carl Schultz & Fran Prestay. The company began as a side job for them in response for a need for innovative sheet metal products in the stock car racing industry. From their '79 Camaro body, the product line quickly diversified to include durable thermoformed molded plastics; lightweight fiberglass; and advanced composite race car body components. Through ongoing development we perfected the art of formed windows. Our engineers devised improvements in material composition and coatings, which also led to the development of our own superior line of polycarbonate. Our racing windows are now #1 in all motorsports. As we continue to diversify into new markets, we remain dedicated to maintaining our deep roots in auto racing, by putting our experience and expertise to work for you by providing a complete line of the greatest racing products for years to come.

## **HEADQUARTERS**

Our clean and modern 6 building campus spans over 300,000 sq feet of floorspace and is built on 44 acres in beautiful Twin Lakes, WI. This ever evolving facility features elite production equipment & manufacturing processes to achieve the highest standards.

## '79 CAMARO

Carl and Fran's first production of the 1979 Camaro. Word of mouth and later a small ad in Stock Car Racing Magazine led to a tremendous response from racers across the country.

## ISO CERTIFIED

Celebrating our 12th year of ISO 9001:2015 Certification. We are proud of the continuous improvements that make our production processes faster and more efficient while reducing waste along the way. ISO Certification is the American Standard for quality management systems. For us, it is all about delivering the highest quality products to our customers.

## FAMILY OWNED & OPERATED

We are proud to be a family-owned and operated business, dedicated to quality and service. Carl, our founder, remains actively involved each day, sharing his expertise and passion. Today, his children, Corey, Garrett & Haley, along with Corey's wife Heidi, are leading the way, carrying on his legacy & commitment to excellence.

## **CONNECTING WITH RACERS**

Every year, we showcase groundbreaking designs at the PRI Show, demonstrating our commitment to pushing the limits of performance and durability. Beyond the show, our dedicated team attends over 100 races annually, providing racers with the support & attention they need.

## THE FUTURE IS HERE

After 4 decades, Five Star established itself as the leader across multiple motorsports markets. As we strive to stay on the cutting edge in products and service, we're excited to announce that in 2025 we completed our new state-of-the-art distribution facility in Concord, North Carolina.

This facility will now serve as our Dealer Service Center,

# -ADVANCED COMPOSITES

## LIGHTWEIGHT, RIGID & EXTREMELY DURABLE

## WHY FIVE STAR IS BETTER!

#### **CUSTOM ENGINEERED MATERIALS:**

- » Flame retardant resins in most applications
- » Incredibly strong shear and tear resistant
- » Rigid no surface deflection at high speeds
- » Durable parts do not break apart

## **PRECISION WEIGHT CONTROL:**

» Parts made with the tightest weight tolerances

## FLAWLESS FINISH:

» Excellent surface finish and wrapped in a protective film

OUR PROPRIETARY FABRIC & RESIN BLENDS ARE MADE WITH A SUPERIOR
MANUFACTURING PROCESS THAT MANY TRY TO EMULATE, BUT FAIL TO REPLICATE!

## ENVIRONMENTALLY SOUND MANUFACTURING:

» All parts are manufactured in our clean EPA & OSHA compliant facility

## **EXCELLENT SHAPE TOLERANCE FOR REPEATABLE FIT:**

» In house pattern & tool production assures great shape control

# — ULTRAGLASS COMPOSITES

## THE HIGH-TECH ALTERNATIVE TO OTHER FIBERGLASS COMPOSITES

### FIBERGLASS PANELS REDEFINED!

## SUPREME SURFACE FINISH:

- » Most panels feature a black inner finish to eliminate painting
- » Superior surface finish & wrapped n a protective plastic film
- » All panels are made with a smooth inner surface
- » Excellent shape tolerance with a repeatable fit

#### **UNMATCHED STRENGTH:**

- » Unmatched impact resistance; no other composite is stronger
- » No surface deflection at high speeds

WITH AN UNMATCHED PERFORMANCE, OUR EXCLUSIVE ULTRAGLASS COMPOSITE BLEND
OUT PERFORMS ALL OTHER COMPOSITE PANELS ON THE MARKET!

## **ENVIRONMENTALLY SOUND MANUFACTURING:**

- » 93% reduction in harmful emissions during the manufacturing process
- » All parts are manufactured in our clean EPA & OSHA compliant facility

## PRECISION WEIGHT CONTROL:

- » Can be lighter than standard fiberglass composite panels
- » Ability to hold much tighter weight tolerances

# -- HIGH-IMPACT PLASTICS

**UNSURPASSED IMPACT RESISTANCE & DURABILITY** 

## YOU WON'T FIND A BETTER PLASTIC!

#### **ENGINEERED TO WITHSTAND EXTREME CONDITIONS:**

- » Made with out own state of the art proprietary blend of plastic material
- » High elongation provides superior flexibility and structural integrity» Some plastics are fire resistant & pass industry testing standards
- » We match the plastic materials for specific applications

THIS FEATURED PLASTIC IS USED IN THE MO3 BRAND.
THE UNDISPUTED BEST BODY PANELS IN ALL OF DIRT RACING!

## **SUPERIOR SHAPE CONTROL:**

- » Parts are formed using advanced computer automated thermoforming machines with temperature controlled cast aluminum tooling
- » Consistent shape tolerance allows for easy replacement
- $\ensuremath{\text{\textit{y}}}$  Shaped with even thickness & consistent part weight
- » Matched plastic materials for specific applications

### **EXCELLENT SHAPE TOLERANCE FOR REPEATABLE FIT:**

» In house forming assures great shape control

## THE MD3 ADHESION PROMOTER WORKS BEST:

» Our MD3 brand Adhesion Promoter is specifically engineered for the special plastic materials we use.

# ---POLYCARBONATE WINDOWS

## THE #1 CHOICE BY TOP RACERS & TEAMS WORLDWIDE

### ABSOLUTE SUPERIOR OPTICS & SAFETY!

## **WE CAN SHAPE FORM ANY WINDOW:**

- » We can meet all of your polycarbonate & acrylic needs,not just racing windows
- » We can form windows from factory glass for limited quantity orders
- » We offer in-house design & mold building for any windows you need
- » CNC pattern cutting

#### **BETTER THAN GLASS:**

- » Up to 50% weight savings compared to glass
- » Can be formed into multiple shapes or styles
- » Multiple thickness & tint options available
- » Enhances driver safety

THE #1 LINE OF WINDOWS USED IN ALL OF MOTORSPORTS
BECAUSE OF IT'S SUPERIOR OPTIC CLARITY & UNMATCHED SAFETY!

## PRECISION FIT GUARANTEED:

- » Proprietary forming process ensures unrivaled optical clarity and accurate shape control
- » CNC routing ensures a perfect drop-in fit, every time

## SUPERIOR OPTICAL CLARITY & DURABILITY:

- » We use only the highest Optical Grade Polycarbonate
- » The highest abrasion, chemical and UV resistance
- » Windows printed with a durable black ink border
- » We have invested in our own custom built coating facility. Our coatings are robotically applied in an environmentally controlled, clean room system. We have the capability to apply a variety of coating technologies to meet a vast array of performance characteristics from hard coats to anti-fog properties. Our coating systems can be applied to either flat or complex shape components offering a solution for any application.

» Integrated vinyl graphics with long-lasting adhesion

- »Durable finish for lasting color and protection » Nose screens block debris while maintaining airflow

» Aerodynamically designed with full line of bumpers, bracing & accessories » Ultra-durable, high-impact plastic blend for maximum strength

»Realistic nose and tail graphics with long-lasting adhesion

# ABC NEXTGEN

THE MOST ADVANCED BODY ON THE MARKET

The ABC NextGen Body redefines high-performance engineering, combining unmatched durability with cutting-edge aerodynamics for superior results on the track. Designed for easy installation and minimal setup, this body gives racers a competitive edge without the hassle.

- » 64 ½" wide spoiler now ABC approved for competition
- » Aero balance validated through wind tunnel and on-track testing
- » Wider greenhouse allows easier driver access and accommodates larger roll cages
- » Optional Advanced Lightweight Composite greenhouse with flame-retardant resin for improved safety
- » Additional engine clearance with more fender room for increased suspension travel
- » Two-piece greenhouse design includes integrated cowl and deck lid filler
- » Consistent panel fit with flanges and locating tabs for faster installation and replacement
- » Common body design with four nose options for brand identity
- » Available in 4 color options W B CB R BLUE RED

## FEATURED BODY ACCESSORIES

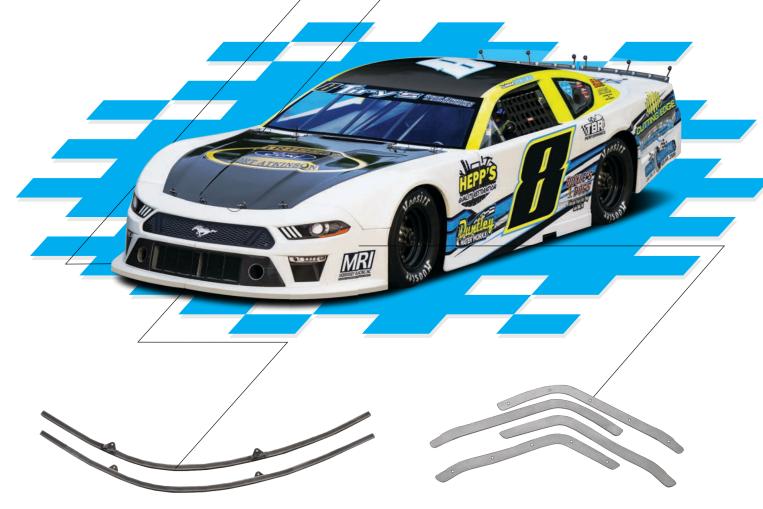

#### PREMIUM AVEX STYLE RIVETS:

- » Five Star Premium Rivets are known as the best quality on the market
- » Grip range up to 3/16" for 1/8" rivets & up to 1/2" for 3/16" rivets
- » Super-tight grip & won't spin out while drilling!
- » For more details & ordering info, see page 160

### -COWL INDUCTION COLD AIR BOXES:

- » 4 barrel and 2 barrel offset options available
- » Flow bench tested for peak air flow
- » For more details & ordering info, see page 168

## LOWER NOSE SUPPORT BRACKET:

- » Mounts under the lower valance to maintain strength and structural integrity for the nose under high speeds
- » Choose from a lightweight aluminum or steel bracket
- » For more details & ordering info, see page 164

## FENDER-TO-NOSE BACK UP PLATES:

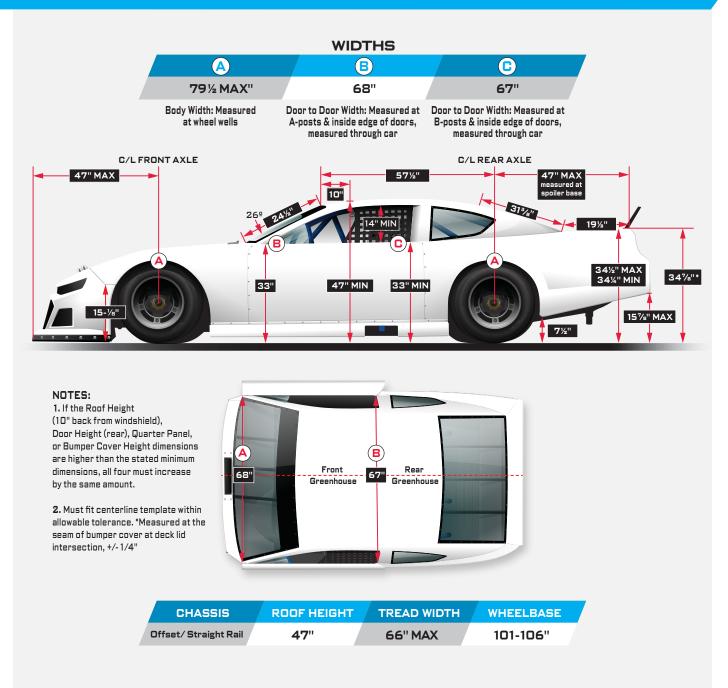

- » 4 Piece Kit Includes: 2 Fronts & 2 Rear Plates (enough for both sides)
- » Pre-drilled holes in the necessary locations for quick & easy mounting
- » For more details & ordering info, see page 168

>> GO TO PAGES 158-181 TO SEE ALL ACCESSORIES FOR THIS BODY STYLE

## **BODY MOUNTING KIT FIXTURES**

## MOUNT YOUR BODY FAST & EASY TO MAXIMIZE PERFORMANCE & HELP PASS TECH!

It is the responsibility of all competitors to present a car that fits the templates within allowable tolerances and meets all dimensions as inspected by the "Referee." Be sure to download a free copy of the Official ABC Rulebook for body styles, panels, spoilers, windows, over hangs, roof height, proper placement of templates, and more!

## THE OFFICIAL REFEREE 2.0:

- » Used by tracks and associations throughout North America for body tech inspection
- » Measure the front overhang of the nose, tread width, roof, door, and deck height, rear overhang, wheelbase, and engine setback
- » Adjustable laser option for accurate measurements of front overhang and engine setback
- » Magnetic, tinted polycarbonate wheel plates for better attachment to wheels
- » Includes Tech Inspector's checklist
- » NOT NECESSARY FOR MOUNTING A BODY. A body can easily be installed within specs by using the body dimensions sheets & templates

Referee 2.0 - NOW INCLUDES THE BODY CENTERLINE DEVICE	TT-200-00	\$2,245
Wheel Locator, w/magnets (SET OF 4) (SOLD SEPARATELY)	TT-200-WL	\$98
Laser Measurement Assembly (SOLD SEPARATELY)	TT-200-LB	\$190
Body Centerline Device (SOLD SEPARATELY)	TT-200-BC	\$195

## VISIT OUR YOUTUBE PAGE FOR A TECH VIDEO DEMONSTRATING USE OF THE OFFICIAL REFEREE 2.0

### ROOF LOCATING FIXTURE:

- » THE FAST & EASY WAY TO MOUNT YOUR COMPLETE BODY WITHOUT THE CHASSIS UNDERNEATH
- » This time-saving device has adjustable quarter panel arms and makes locating the roof on your chassis a simple process
- » Allows exact fit for wheel opening locations, body dimensions, and inspection templates to fit series specs
- » Pre-fits from the cowl to the bumper cover, then can be lifted easily on top of the chassis for final fit
- » Comes in a black powder-coat finish and includes roof brackets, door height blocks and assembly instructions

Roof Locating Fixture (INCLUDES ROOF BRACKETS & DOOR HEIGHT BLOCKS)	809P	\$898
Replacement Roof Brackets	11002-72231	\$71
Replacement Door Height Blocks, 6" tall	11002-72331	\$38

# ORIGINAL ABC BODY

CLASSIC DESIGN, MODERN PERFORMANCE

The Original ABC Body offers two roof options: the Greenhouse, built-in deck lid filler for quick installation & durable plastic quarter panels, and the Traditional design, with integrated quarter panels with a separate deck lid filler panel. Both ensure a seamless fit & enhanced performance, making it the ideal choice for any racer.

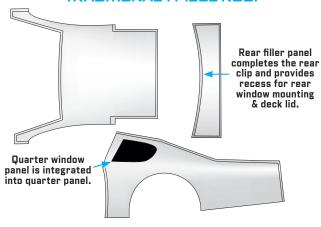

## TWO-PIECE GREENHOUSE

Two-piece greenhouse configuration includes quarter window panel & rear filler in rear greenhouse for complete roof section.

## TRADITIONAL 1-PIECE ROOF

Quarter panels do not include quarter window panel, making replacement easier & saving cost versus the Traditional Roof style.

- » Common body design with four nose options for brand identity
- » Available in 4 color options W B CB R RED

# - ORIGINAL ABC BODY

## FEATURED BODY ACCESSORIES

- » Five Star Premium Rivets are known as the best quality on the market
- » Grip range up to 3/16" for 1/8" rivets & up to 1/2" for 3/16" rivets
- » Super-tight grip & won't spin out while drilling!
- » For more details & ordering info, see page 160

### **COWL INDUCTION COLD AIR BOXES:**

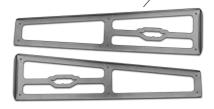

- » 4 barrel and 2 barrel offset options available
- » Flow bench tested for peak air flow
- » For more details & ordering info, see page 168

## UNIVERSAL BODY MOUNTING KIT:

- » Universal fit that can be used anywhere on a racecar
- » Plastic kit features Black Delrin washers that withstand repeated impact and stress
- » For more details & ordering info, see page 161

## QUARTER PANEL BODY BRACE KIT:

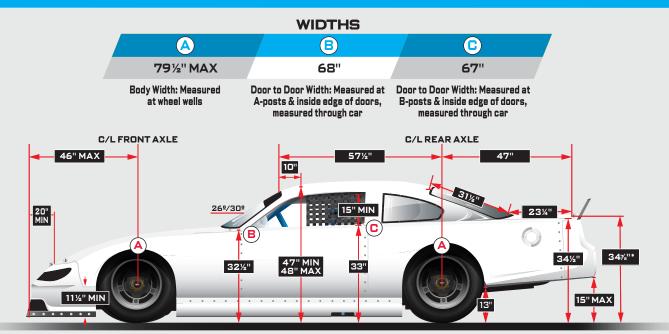

- » Stiffens the quarter panel to maintain correct shape in an aero sensitive area
- » Highly recommend bracing for tracks 1/2-mile and longer
- » Laser-cut aluminum braces have pre-drilled holes for brace attachment
- » For more details & ordering info, see page 176

>> GO TO PAGES 158-181 TO SEE ALL ACCESSORIES FOR THIS BODY STYLE

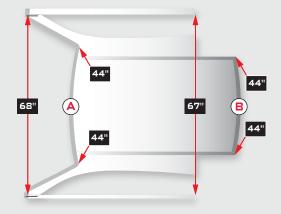

## - ORIGINAL ABC BOOY

## **BODY DIMENSIONS**

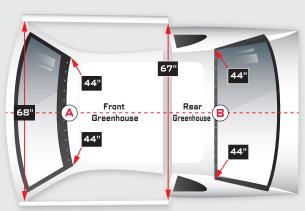

## FIVE STAR BODIES ARE DESIGNED TO MAINTAIN PRECISE FIT WITH OPTIMIZED AERODYNAMICS!

## TRADITIONAL ROOF

## **GREENHOUSE**

## NOTES:

- If the Roof Height (10" back from windshield), Door Height (rear), Quarter Panel, or Bumper Cover Height dimensions are higher than the stated minimum dimensions, all four must increase by the same amount.
- 2. Must fit centerline template within allowable tolerance.  $^*$ Measured at the seam of bumper cover at deck lid intersection, +/-1/4"

CHASSIS	ROOF HEIGHTS	TREAD WIDTH	WHEELBASE
Offset/Straight Rail	A 47" B 45½"	66" MAX	101-108"

# -SURFACE PREP

#### MD3 ADHESION PROMOTER:

- Specifically engineered adhesion promoter assures proper paint bonding to our special plastic
- Other automotive grade primers on the market may not work at all or cause severe paint flaking
- » Improves adhesion of vinyl by enhancing the bond between adhesive on the vinyl and the substrate, for a more durable, long-lasting application
- ightarrow Comes in an aerosol spray can for quick and easy application
- » A single can coats approximately 5 individual parts

MD3 Adhesion Promoter 842 \$16

>> A MUST USE PRODUCT BEFORE PAINTING OR APPLYING VINYL ON ANY FIVE STAR PLASTIC PART

## FIVE STAR PLASTIC WINDOW CLEANER:

- » This specially formulated anti-static foaming spray contains no chemicals or abrasives that will cause damage to plastic
- » Lifts grease & grime, wipes off fast & easy to provide a streak-free clean & clear surface finish

Window Cleaner, 19oz Can 843 \$9.95

## >>FIVE STAR CLEANING TIPS!

- >> ALWAYS AVOID USING ABRASIVE CLEANERS & CHEMICAL SOLVENTS THAT CAN EASILY CAUSE DAMAGE TO POLYCARBONATE WINDOWS
- >> USE A MICROFIBER TOWEL FOR BEST, STREAK-FREE FINISH
- » TO PREVENT SCRATCHING & HAZING ON YOUR WINDOWS, NEVER SCRUB WITH BRUSHES OR ABRASIVE MATERIALS

## - ORIGINAL ABC BOOY

## **BODY MOUNTING KIT**

## MOUNT YOUR BODY FAST & EASY TO MAXIMIZE PERFORMANCE & TO PASS TECH INSPECTION!

It is the responsibility of all competitors to present a car that fits the templates within allowable tolerances and meets all dimensions as inspected by the "Referee." Be sure to download a free copy of the Official ABC Rulebook for body styles, panels, spoilers, windows, over hangs, roof height, proper placement of templates, and more!

#### THE OFFICIAL REFEREE 2.0:

- Used by tracks and associations throughout North America for body tech inspection
- » Measure the front overhang of the nose, tread width, roof, door, and deck height, rear overhang, wheelbase, and engine setback
- Adjustable laser option for accurate measurements of front overhang and engine setback
- » Magnetic, tinted polycarbonate wheel plates for better attachment to wheels
- » Includes Tech Inspector's checklist
- » NOT NECESSARY FOR MOUNTING A BODY. A body can easily be installed within specs by using the body dimensions sheets & templates

Referee 2.0 - NOW INCLUDES THE BODY CENTERLINE DEVICE	TT-200-00	\$2,245
Wheel Locator, with magnets (SET OF 4) (SOLD SEPARATELY)	TT-200-WL	\$98
Laser Measurement Assembly (SDLD SEPARATELY)	TT-200-LB	\$190
Body Centerline Device (SOLD SEPARATELY)	TT-200-BC	\$195

## ▶ VISIT OUR YOUTUBE PAGE FOR A TECH VIDEO DEMONSTRATING USE OF THE OFFICIAL REFEREE 2.0

## **ROOF LOCATING FIXTURE:**

- THE FAST & EASY WAY TO MOUNT YOUR COMPLETE BODY WITHOUT THE CHASSIS UNDERNEATH
- This time-saving device has adjustable quarter panel arms and makes locating the roof on your chassis a simple process
- » Allows exact fit for wheel opening locations, body dimensions, and inspection templates to fit series specs
- » Pre-fits from the cowl to the bumper cover, then can be lifted easily on top of the chassis for final fit
- » Comes in a black powder-coat finish and includes roof brackets, door height blocks and assembly instructions

Roof Locating Fixture (includes Roof Brackets & Door Height Blocks)	809P	\$898
Replacement Roof Brackets	809-1P	\$71
Replacement Door Height Blocks, 7" tall	809-HB	\$38

# NEXTGEN LATE MODEL STOCK

**BUILT FOR CHAMPIONS & ENGINEERED FOR VICTORY** 

This body is the latest advancement in high-performance engineering, raising the bar for durability and aerodynamics in the late model stock division. Designed for hassle-free installation, it delivers the championship-winning edge every racer needs.

- » Commonly raced in NASCAR LMSC divisions and the CARS Tour Series
- » Exceptional aero balance validated in wind tunnel and on-track testing
- » Ultraglass Composite greenhouse with flame-retardant resin for enhanced safety
- » Consistent panel fit with flanges, locating tabs, and minimal trimming for quick installation
- » Two-piece greenhouse includes integrated cowl and deck lid filler
- » Common body with three nose options for brand identity
- » Designed to fit perimeter-style chassis
- » Available in 4 color options W B CB RED

## FEATURED BODY ACCESSORIES

#### **ALUMINUM HOOD HINGE KITS:**

- » Hinged hoods create easy access to the engine compartment
- » Long and Short Hood Hinge Kit options include laser-cut aluminum hinge, pin, and clip assembly.
- » For more details & ordering info, see page 165

#### PREMIUM AVEX STYLE RIVETS:

- » Five Star Premium Rivets are known as the best quality on the market
- » Grip range up to 3/16" for 1/8" rivets & up to 1/2" for 3/16" rivets
- » Super-tight grip & won't spin out while drilling!
- » For more details & ordering info, see page 160

#### **ALUMINUM NOSE SIDE BRACES:**

- » Provides structure to an aero critical part of the car
- » Laser-cut aluminum is pre-drilled for riveting to the nose and for mounting body braces
- » For more details & ordering info, see page 164

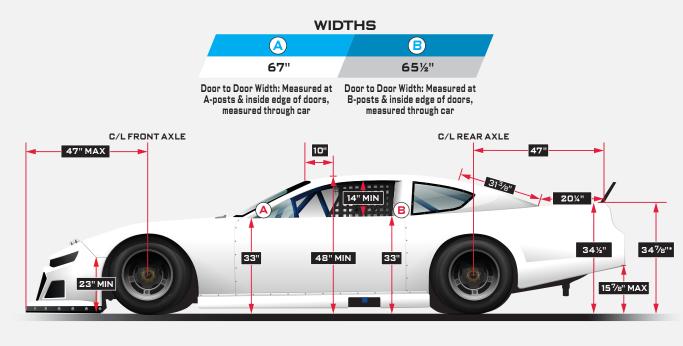

#### **QUARTER PANEL BODY BRACE KIT:**

- » Stiffens the quarter panel to maintain correct shape in an aero
- » Highly recommend bracing for tracks 1/2-mile and longer
- » Laser-cut aluminum braces have pre-drilled holes for brace attachment
- » For more details & ordering info, see page 176

» GO TO PAGES 158-181 TO SEE ALL ACCESSORIES FOR THIS BODY STYLE

## **BODY DIMENSIONS**

FIVE STAR BODIES ARE DESIGNED TO MAINTAIN PRECISE FIT WITH OPTIMIZED AERODYNAMICS!

#### NOTES:

1. If the Roof Height (10" back from windshield), Door Height (rear), Quarter Panel, or Bumper Cover Height dimensions are higher than the stated minimum dimensions, all four must increase by the same amount.

2. Must fit centerline template within allowable tolerance. \*Measured at the seam of humber cover at deck lid intersection, +/- 1/4"

**CHASSIS ROOF HEIGHT TREAD WIDTH** WHEELBASE LMSC Perimeter 48" Up to 641/2" Up to 106"

» FOR INDIVIDUAL BODY PANEL DIMENSIONS, VISIT FIVESTARBODIES.COM

## **BODY MOUNTING KIT FIXTURES**

#### MOUNT YOUR BODY FAST & EASY TO MAXIMIZE PERFORMANCE & HELP PASS TECH!

It is the responsibility of all competitors to present a car that fits the templates within allowable tolerances and meets all dimensions as inspected by the "Referee." Be sure to download a free copy of the Official NASCAR LMSC Rulebook for body styles, panels, spoilers, windows, over hangs, roof height, proper placement of templates, and more!

#### THE OFFICIAL REFEREE 2.0:

- Used by tracks and associations throughout North America for body tech inspection
- » Measure the front overhang of the nose, tread width, roof, door, and deck height, rear overhang, wheelbase, and engine setback
- » Adjustable laser option for accurate measurements of front overhang and engine setback
- Magnetic, tinted polycarbonate wheel plates for better attachment to wheels
- » Includes Tech Inspector's checklist
- » NOT NECESSARY FOR MOUNTING A BODY. A body can easily be installed within specs by using the body dimensions sheets & templates

Referee 2.0 - NOW INCLUDES THE BODY CENTERLINE DEVICE	TT-200-00	\$2,245
RETERE 2.0 NOW INCLUDES THE BODY SERVEREINE BEFORE	11 200 00	ΨΔ,Δ+3
Wheel Locator, w/magnets (SET OF 4) (SOLD SEPARATELY)	TT-200-WL	\$98
Laser Measurement Assembly (SOLD SEPARATELY)	TT-200-LB	\$190
Body Centerline Device (SOLD SEPARATELY)	TT-200-BC	\$195

#### ▶ VISIT OUR YOUTUBE PAGE FOR A TECH VIDEO DEMONSTRATING USE OF THE OFFICIAL REFEREE 2.0

#### ROOF LOCATING FIXTURE:

- $^{
  m W}$  THE FAST & EASY WAY TO MOUNT YOUR COMPLETE BODY WITHOUT THE CHASSIS UNDERNEATH
- » This time-saving device has adjustable quarter panel arms and makes locating the roof on your chassis a simple process
- » Allows exact fit for wheel opening locations, body dimensions, and inspection templates to fit series specs
- Pre-fits from the cowl to the bumper cover, then can be lifted easily on top of the chassis for final fit
- » Comes in a black powder-coat finish and includes roof brackets, door height blocks and assembly instructions

Roof Locating Fixture (INCLUDES ROOF BRACKETS & DOOR HEIGHT BLOCKS)	809P	\$898
Replacement Roof Brackets	13002-72231	\$71
Replacement Door Height Blocks, 6" tall	11002-72331	\$38

## **TOOLS & TEMPLATES**

#### LATE MODEL STOCK TEMPLATES: ENSURE A CORRECT FIT FOR OPTIMUM AERODYNAMICS

- » Complete template set ensures body is installed correctly
- » Complete sets include: Body Centerline, Fenders, Nose Centerline, Nose Side-to-Side, Front & Rear Roof Side-to-Side
- » Nose and fender templates are specific to model
- Common templates can check all models
- » Master sets available with templates for all models

# PAVEMENT MODIFIED

THE ULTIMATE IN AERODYNAMIC DESIGN

This body is equipped with an aerodynamically advanced roof featuring built-in vortex generators, engineered to optimize airflow for peak performance. In addition to its high-performance design, this body is ready to fit almost any short track modified chassis & is approved for all major modified series.

- » Legal in all major Modified series
- » Roof design is the easiest to install
- » Built-in vortex generators enhance airflow and aerodynamics
- » Rear wheel flares improve aero, add rigidity, and protect tires
- » Roof includes integrated cowl panel and separate rear window mounting flange
- » Repeatable fit ensures consistency in all replacement panels
- » Fits most short track Modified chassis
- » Panels available in 4 color options W B CB RED

# SHORT TRACK TRUCK

## FEATURED BODY ACCESSORIES

#### **ALUMINUM HOOD HINGE KITS:**

- » Hinged hoods create easy access to the engine compartment
- » Long and Short Hood Hinge Kit options include Laser cut aluminum hinge, pin, and clip assembly.
- » For more details & ordering info, see page 165

#### PREMIUM AVEX STYLE RIVETS

- » Five Star Premium Rivets are known as the best quality on the market
- $\,$  % Grip range up to 3/16" for 1/8" rivets & up to 1/2" for 3/16" rivets
- » Super-tight grip & won't spin out while drilling!
- » For more details & ordering info, see page 160

#### LOWER NOSE SCREEN:

- » Protects the radiator from debris penetration
- » Frame is laser cut from lightweight aluminum
- » Screen is high strength stainless steel (1/4" MESH IS WELDED)
- » Durable black powder-coated finish
- » Weighs only 10.32oz
- » For more details & ordering info, see page 53

#### **CHASSIS CLAMPS:**

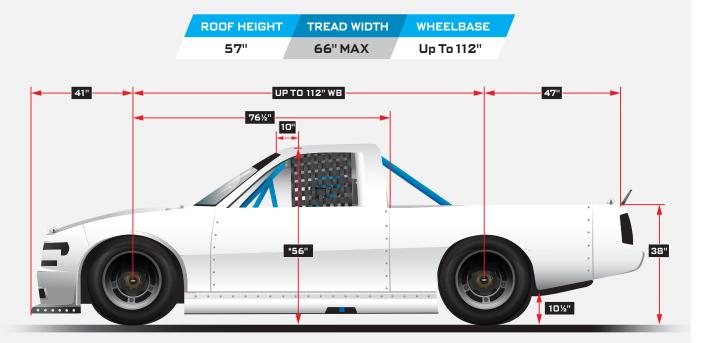

- » Universal mount fits anywhere bracing is needed
- » Eliminate the need for welding or use of hose clamps when mounting body braces
- » Ideal for use with all Five Star's Adjustable Body Braces
- » For more details & ordering info, see page 179

>> GO TO PAGES 158-181 TO SEE ALL ACCESSORIES FOR THIS BODY STYLE

## **BODY DIMENSIONS**

#### FIVE STAR BODIES ARE DESIGNED TO MAINTAIN PRECISE FIT WITH OPTIMIZED AERODYNAMICS!

Make sure your body fits our template package and dimension specs to maximize performance and to pass tech inspection!

NOTE: 79½" Width at Wheel Openings & \*The Roof Height is measured 10" back from leading edge of roof.

#### SHORT TRACK TRUCK TEMPLATES: ENSURE A CORRECT FIT FOR OPTIMUM AERODYNAMICS

- Complete template set ensures body is installed correctly
- Complete sets include: Body Centerline, Nose Centerline, & Rear Roof Side-to-Side
- Common templates can check all models

# DUTLAW LATE MODEL

ENGINEERED TO ACHIEVE MAXIMUM DOWNFORCE

The Outlaw Late Model Nose lives in Victory Lane! With unmatched downforce, effortless installation & our ultra-durable proprietary plastic blend, racers agree—this nose outperforms all others on the market!

#### **OUTLAW NOSE FEATURES:**

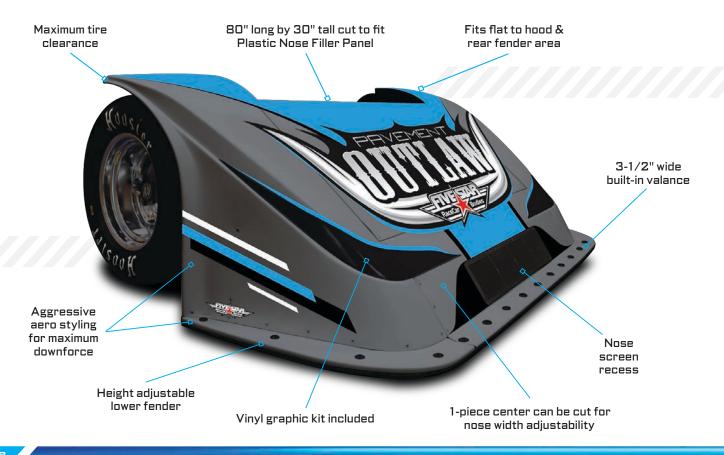

- » Aggressive aero styling delivers maximum downforce
- » Fenders designed for maximum tire clearance
- » One-piece center can be cut for nose width adjustability
- » Height-adjustable lower fender for custom fit
- » Nose screen recess molded into the center
- » Fits flat to hood and rear fender area for seamless body lines
- » Built-in 3 ½" wide valance
- » Nose and fenders available in 5 colors W G B B CB R RED

## FEATURED BODY ACCESSORIES

#### PLASTIC NOSE FILLER PANEL:

- » 80" long by 30" tall
- » Flat high-impact plastic sheet deflects debris and resists chipping, denting, and bending.
- » Outperforms traditional aluminum panels in every way, this panel does not dent
- » For more details & ordering info, see page 58

#### **OUTLAW SPORTSMAN COMPOSITE ROOF:**

- Strong! Holds up to high speeds with minimal bracing
- » Two options: Standard Composite & Advanced Lightweight Composite made with flame retardant resin for added driver safety
- » For more details & ordering info, see page 58

#### LOWER NOSE SUPPORT:

- » Add another layer of support with this lightweight, durable polyethylene plastic valance support
- » This lightweight, durable plastic nose support is .352" thick and adjusts from 86" to 96" long & can be trimmed to fit
- » For more details & ordering info, see page 58

#### UNIVERSAL BODY MOUNTING KIT:

- » Universal fit that can be used anywhere on a race car
- » Plastic kit features Black Delrin washers that withstand repeated impact and stress
- » For more details & ordering info, see page 161

THE SUPERIOR DESIGN FOR SPORTSMAN RACING

This is the spec body for the NASCAR Mexico Series and the top choice among competitors seeking cutting-edge performance. This body is a hassle free solution for any racer, setting a new standard for durability & aerodynamics in the sportsman division.

- » Universally designed for most Sportsman divisions across North America
- » Consistent, repeatable fit for quick installation and replacement
- » Two-piece greenhouse with built-in cowl and deck lid filler
- » Common body with three nose options for brand identity
- » Panels include mounting flanges and locating tabs for accuracy
- » Designed for metric-style chassis
- » Minimal trimming required
- » Available in 2 color options W B BLACK

## **BODY MOUNTING FIXTURES**

MOUNT YOUR BODY FAST & EASY TO MAXIMIZE PERFORMANCE & HELP PASS TECH!

#### ROOF LOCATING FIXTURE:

- THE FAST & EASY WAY TO MOUNT YOUR COMPLETE BODY WITHOUT THE CHASSIS UNDERNEATH
- » This time-saving device has adjustable quarter panel arms and makes locating the roof on your chassis a simple process
- Allows exact fit for wheel opening locations, body dimensions, and inspection templates to fit series specs
- Pre-fits from the cowl to the bumper cover, then can be lifted easily on top of the chassis for final fit
- Comes in a black powder-coat finish and includes roof brackets, door height blocks and assembly instructions

Roof Locating Fixture (includes Roof Brackets & Door Height Blocks)	809P	\$898
Replacement Roof Brackets	12001-72231	\$71
Replacement Door Height Blocks, 7" tall	809-HB	\$38

#### NORTH AMERICAN SPORTSMAN TEMPLATES: ENSURE A CORRECT FIT FOR OPTIMUM AERODYNAMICS

- Complete template set ensures body is installed correctly
- » Complete sets include: Body Centerline, Fenders, Nose Centerline, Nose Side-to-Side, Front & Rear Roof Side-to-Side
- Nose and fender templates are specific to model
- Common templates can check all models
- ightarrow Master sets available with templates for all models

# SPRINT CAR

THE NEW STANDARD IN SPRINT CAR TECHNOLOGY

- » Designed to bolt onto Maxim, Triple X, Schnee-Lawson, JR-1, J&J, DRC, Spike & more with minimal fab work
- » Durable construction that withstands contact from dirt, debris & other cars
- >> Contoured airflow maximizes downforce, side force & reduces drag
- >> Hood shape optimized for under-hood airflow and maximum horsepower
- >> Consistent fit for quick installation & easy panel replacement
- >>> Prepreg Carbon Fiber Body weighs less than 18 lbs
- » HIGH-PERFORMANCE MATERIAL OPTIONS: Prepreg Carbon Fiber, Cup Carbon Composite, Standard Fiberglass Composite & High-Impact Thermoformed Plastic

### PREPREG CARBON FIBER:

State-of-the-art aerospace composite engineered for ultimate performance. Ultra-lightweight with a flawless Class A cosmetic carbon finish that delivers unmatched strength, stiffness, and visual precision. The finest carbon weave you will find, better than anything on the market. Kevlar / Aramid is used throughout. Great heat and flame retardancy. Autoclave cured for perfection in every fiber.

### CUP CARBON COMPOSITE BLEND:

The same advanced blend used on the NextGen Cup Car. Super durable, lightweight, and budget friendly. High-strength, finished gloss color construction built for professional-level performance. Combines low weight with superior impact resistance to deliver lasting strength under extreme conditions. Kevlar / Aramid is used throughout. Great heat and flame retardancy.

### STANDARD FIBERGLASS COMPOSITE:

A cost-effective option built for the weekend racer. Delivers dependable performance and durability without sacrificing quality or fit.

### HIGH-IMPACT THERMOFORMED PLASTIC:

The same material widely used in Dirt Late Model racing under our MD3 brand. A proprietary blend engineered for unmatched flexibility and impact resistance. Tough, lightweight, and built to take on dirt, debris, and contact season after season.

### **BODY PANELS**

### FIVE STAR'S SPRINT CAR BODY PANELS ARE ENGINEERED FOR CHAMPIONS

### HIGH-IMPACT PLASTIC NOSE:

## AERODYNAMIC FEATURES & INNOVATIONS

Our engineering team used advanced CFD (computational fluid dynamics) analysis to model airflow & optimize aerodynamics before a single panel was molded.

These findings were validated on track using high-tech sensors, data collection equipment along with a clear polycarbonate hood which allowed our engineers to see air movement in real time & turn data into proven results.

# -SPRINT CAR

# **DURABILITY, FITMENT & PERFORMANCE HIGHLIGHTS**

LIGHTWEIGHT, AERODYNAMIC & DURABLE CONSTRUCTION!

UNIVERSAL FIT FOR EVERY LEADING CHASSIS!

>> FOR BODY MOUNTING TOOLS, GO TO PAGES 158-181

THE #1 BODY CHOICE FOR TOP DIRT RACERS

All panels are designed with great style, provide maximum downforce, & are proven to be the most durable, cost-effective products on the market.

- >> Molded plastic panels deliver unmatched flexibility and durability
- » Advanced lightweight composite panels rival carbon fiber in strength and weight
- >>> Premium plastic materials available exclusively in MD3 products
- » MD3 Adhesion Promoter ensures maximum vinyl adhesion
- » See color options for all body panels & components in ordering section

## **EVOLUTION 2 NOSE COMBO KIT**

EVOLUTION 2 NOSE COMBO KIT:		-W -B -CB -G -OR -R -Y	-FG -FO -FR -FY
Nose, 2-piece, high-impact plastic	32004-41051-x	\$189	N/A
Nose Lower Aero Valance, high-impact plastic	32004-41751-x	\$72	\$87
Fender, upper, left, high-impact plastic	32004-23251-xL	\$86	N/A
Fender, upper, right, high-impact plastic	32004-23251-xR	\$86	N/A
Fender, lower, left, high-impact plastic	32004-23351-xL	\$37	\$56
Fender, lower, right, high-impact plastic	32004-23351-xR	\$37	\$56
NOSE COMBO KIT PRICE	32004-43554-x	\$507	\$560

TO ADD A REALISTIC DEM LOOK TO YOUR NOSE, SEE VINYL NOSE GRAPHIC ID KITS | PAGE 87

# 2-PIECE UPPER & LOWER FENDERS ALLOW FOR EXACT GROUND HEIGHT ADJUSTMENT

Right Fender has more clearance for tire travel to allow for lower mounting height.

Left Fender is raised for maximum downforce

Lower Fenders are separate for improved fit, have a tapered valance built-in, and are thicker for improved durability. Also adjustable to meet desired ground clearance.

Lower Aero Valance (below the nose) is tapered and is thicker for improved durability.

Separate lower right front fender for quick & easy replacement.

## **BODY PANELS & COMPONENTS**

FIVE STAR BODY PANELS ARE DESIGNED TO MAINTAIN PRECISE FIT WITH OPTIMIZED AERODYNAMICS!

### PLASTIC SCUFF PLATES:

- » Lightweight & Durable Plastic
- » Choose from 2 kit sizes:
  - 4-pack with 16 rivets
  - 12-pack with 48 rivets
- » Kits include scuff plates with 1/2" center hole, unpainted 1/8" rivets, and 1/8" backup washers
- >> Raised center makes installing and removing hood pin clips quick & easy
- » Recessed rivet holes ensure a clean, professional finish
- » Available in 5 colors -W -B -CB -G -R

4 pack	30001-34951-X	\$10
12 pack	30002-34951-X	\$18
50 pack	30003-34951-x	\$42

OVERSIZED 80" X 30" PANEL IS TRIM-TO-FIT FOR YOUR CUSTOM APPLICATION

### PLASTIC NOSE FILLER PANEL:

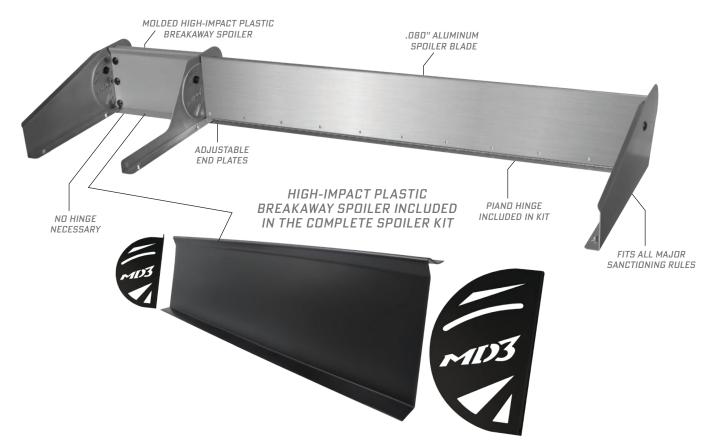

- » Mounts between the nose, hood and fenders
- » Flat high-impact plastic sheet deflects debris and resists chipping, denting, bending
- » Outperforms traditional aluminum panels in every way!
- » Flame retardant material with high heat distortion temperature
- » Same weight per square foot as .040" aluminum!
- » Available in 5 colors -W -B -CB -G -R

Nose Filler Panel 32000-35851-x \$128

### COMPLETE SPOILER KIT:

- » Built out of 0.080 aluminum & high-impact plastic
- » Brackets built into left side blade for quick & easy adjustment
- » Kit includes: 8" tall x 56" wide left side blade with a 1" lip, 1 56-1/4" aluminum hinge, 3 spoiler side supports, 1 center support, and 1 molded high-impact plastic breakaway spoiler kit
- » Available in 5 colors -W -B -CB -G -R

Complete Spoiler Kit 32000-72821-x \$212

### MOLDED HIGH-IMPACT PLASTIC BREAKAWAY SPOILER KIT:

- » PLASTIC SPOILER BLADE: Made of lightweight, molded high-impact plastic
- » 32" wide by 8 1/4" tall
- » ALUMINUM ADJUSTABLE END PLATES:
- » Made of premium high-strength aluminum with powder-coated finish
- » 4-1/2" wide by 7" tall
- » CNC machined slots make for easy spoiler angle adjustment
- » Kit includes: 1-Plastic Spoiler and 2-Aluminum Adjustable End Plates
- » Available in 5 colors -W -B -CB -G -R

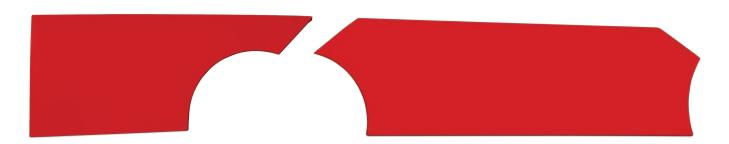

Molded High-Impact Plastic Breakaway Spoiler Kit	32000-72820-X	\$69
Plastic Right Side Spoiler Blade	32000-47751-X	\$29
Adjustable End Plates, pair	32000-47851-X	\$40

LEFT & RIGHT SIDE REPLACEMENT PLATES

## **BODY PANELS & COMPONENTS**

### PLASTIC QUARTER PANEL:

Quarter Panel, right 32001-27351-xR \$119

### PLASTIC RIGHT SIDE DOOR:

Door, right 32001-21051-xR \$152

- » Molded high-impact plastic out performs aluminum in every way
- » Resists chipping, denting, & bending
- >> Common design to fit most late model chassis
- » Meets all flame resistance test requirements
- » Molded flanges for added rigidity & easy installation
- » Approved for competition by all major national sanctioning series
- » Available in 5 colors -W -B -G -CB -R

### PLASTIC ROCKER PANEL:

- » These 77-3/4" x 7-1/4" lightweight, high-impact plastic rockers are aerodynamically designed for the best side force
- » They are easy to mount and add structural integrity to side body panels
- » Available in 11 colors

Rocker Panel

### COCKPIT DEFLECTORS:

- » High-impact molded plastic deflectors are ultra durable, withstand flying debris and divert air around the driver
- » Available in 6 colors -W -B -G -CB -R -Y
- » Raise the height of your cockpit deflector using a polycarbonate Cockpit Extension to allow for more visibility
- » Cockpit Extension available in 3" and 4" height, clear & tinted

Cockpit Deflector, plastic	040-4106-X	\$74

- » Made of high-impact molded plastic
- » 45-1/4" long and weighs only 8oz!
- » Available in 11 colors including a carbon fiber look (appearance of carbon fiber)

-W -B -CB -R -Y -OR -FG-FO-FR -FY -CF

Roof Cap 006-500-x \$35 \$38

### PLASTIC ANGLED BODY BRACES:

- >> High-impact plastic bounces back while aluminum holds damage
- » Engineered design allows body clips to snap on for a secure, quick install
- >> Provides reliable body support with long-term durability

Angled Body Braces	30001-75951	Coming Soon
--------------------	-------------	-------------

#### PLASTIC BODY BRACES:

- » Constructed of the same specially-blended, high-impact plastic as our MD3 noses
- >> Each lightweight brace weighs only 7 oz
- Perfect for taking abuse on the dirt
- >> 1-1/4" wide x 36" long x (flat) 0.30" thick
- >> Trims easily to fit your needs
- » Available in black only

Single Body Brace	040-8000	\$11 ea
Pkg of (8) Body Braces	040-8000-8	\$58

### PLASTIC LOWER NOSE SUPPORT:

- » This lightweight, durable plastic 37" long nose support is made out of .350" thick polyethylene
- » Fits either side of your nose
- >> Two are required for a complete install
- » Available in black only

Nose Support	32003-410-1	\$42 EA

### OIL COOLER SCOOP:

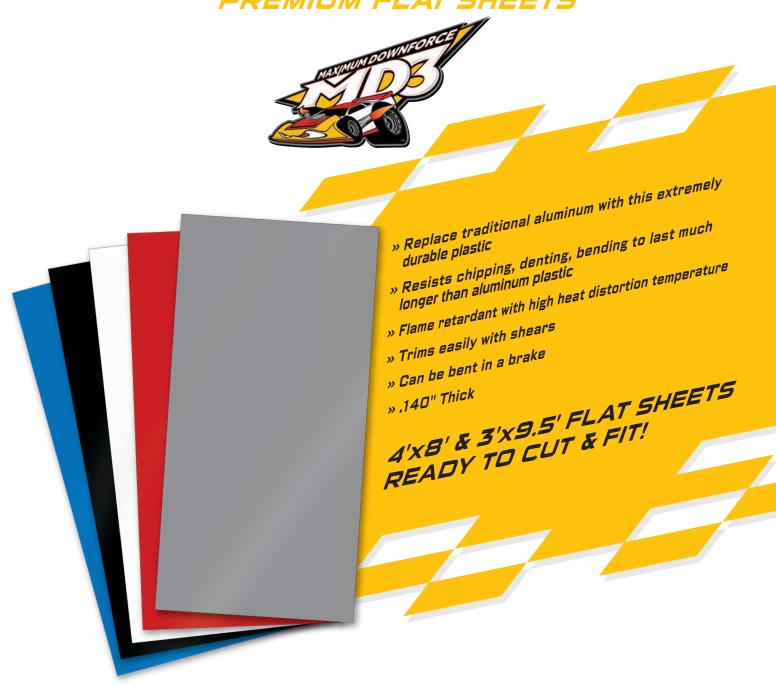

- » High-impact molded plastic scoop has a sleek aerodynamic design that directs air for cooling
- Can be mounted forward or backward!
- » Available in white and a carbon fiber look; appearance of carbon fiber, at a fraction of the cost

-W-CF
Oil Cooler Scoop 040-4105-X \$36

MD3 Adhesion Promoter	842	\$16

THE FUTURE OF STOCK CAR RACING STARTS HERE

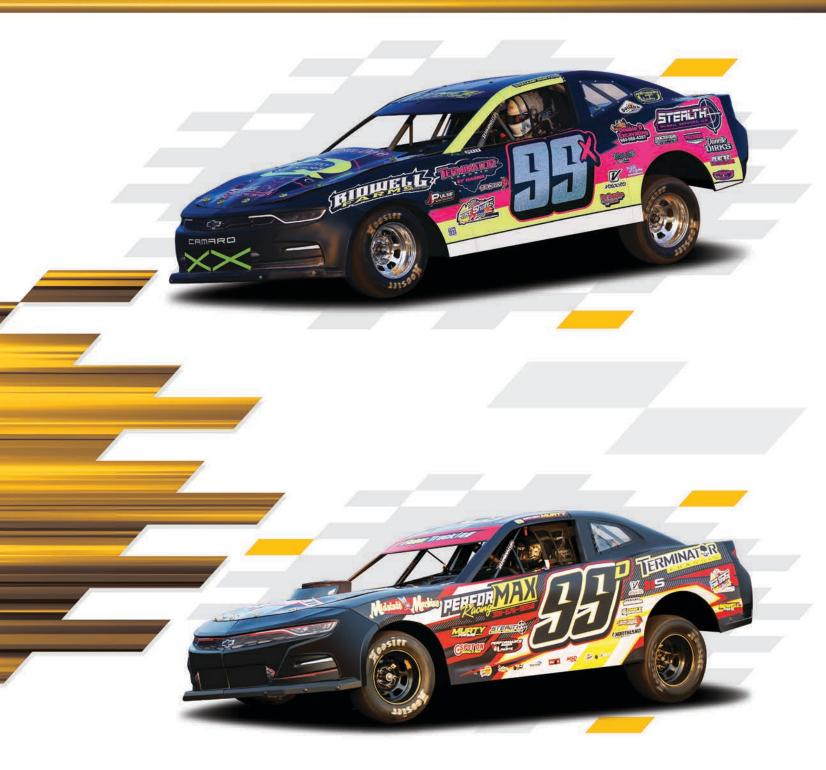

Engineered with precision, this body features fully molded plastic quarter panels, enhanced aerodynamics & a design that mimics the factory Camaro.

This body is built for outstanding performance on both dirt & pavement.

- » Thicker-gauge plastic panels engineered for superior strength and durability
- » Innovative two-piece composite roof with integrated windshield, A-post, and cowl
- » Consistent, repeatable fit for quick installation and replacement
- >> Versatile design works for both dirt and pavement racing
- » Fits all metric-style chassis
- » MD3 Adhesion Promoter ensures maximum vinyl adhesion
- » Available in Black & White, with optional Blue or Red nose & bumper cover

# TAZ ROAD RACING FEATURED BODY ACCESSORIES

#### **ALUMINUM WINDOW BRACES:**

- » Strongest window braces on the market
- » Designed to the exact contour of your Five Star windows
- » Made of premium high-strength aluminum with flat black powder-coated finish
- » Foam-padded surface won't scratch your windows
- $\hspace{0.1cm}$   $\hspace{0.1cm}$  Pre-drilled holes to mount adjustable bracing from the interior dash
- » Kit includes: 3 aluminum braces and weighs less than 2 lbs

Front Braces, Chevrolet	26-1/8" x 1"	81131-76333	\$95
Rear Braces, Chevrolet	27-1/4" x 1"	81131-76133	\$95
Front Braces, Ford	28-1/4" x 1"	81321-76333	\$95
Rear Braces, Ford	34-7/8" x 1"	81321-76133	\$95
Front Braces, Camry	28-1/4" x 1"	81711-76333	\$95
Rear Braces, Camry	34-7/8" x 1"	81711-76133	\$95

#### LOWER NOSE SCREEN:

- » Protects the radiator from debris penetration
- » Frame is laser cut from lightweight aluminum
- » Screen is high strength stainless steel (1/4" MESH IS WELDED)
- » Durable black powder-coated finish
- » Weighs only 10.32oz

Nose Screen, common	81001-46433B	\$55
		+

#### POLYCARBONATE DOOR VENT WINDOWS:

- $\,{}^{\text{\tiny{)}}}$  Vent windows give cars a proven performance gain in the wind tunnel
- » Precut to fit, mar-resistant coated, clear .093" polycarbonate
- » Laser cut aluminum mounting brackets

Precut-to-fit, set of 2	81001-66122	\$38

# ——TAZ ROAD RACING

### **BODY ACCESSORIES**

#### LOWER NOSE UNIVERSAL SPLITTER:

- » 2 piece 5/16" thick black high-impact plastic material
- » CNC-routed mounting points
- >> Weighs 21 lbs
- » Approved for use in Trans Am Racing Series

Splitter	81001-41851	\$118
•		

#### FRONT & REAR BUMPERS:

- » Now formed using CNC progressive tube bending technology
- » Fits the exact contour of Five Star noses and bumper covers for maximum protection and ease of installation
- >> Formed from 1-1/2" OD round steel tubing

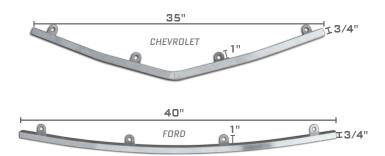

Front, Chevrolet, .065" steel	81131-71162	\$48
Rear, Chevrolet, .065" steel	81131-71662	\$48
Front, Ford, .065" steel	81321-71162	\$48
Rear, Ford, .065" steel	81321-71662	\$48
Front, Toyota, .065" steel	81711-71162	\$48
Rear, Toyota, .065" steel	81711-71662	\$48

#### ALUMINUM HOOD PIN BRACKETS:

- » Pre-formed to fit the nose & hood precisely
- >> 3/4" square option, & will work with our 3/8" hood pins

Bracket, Chevrolet	81131-34333	\$55
Bracket, Ford	81321-34333	\$55
Bracket, Toyota	81711-34333	\$55

#### **CONVEX RACING MIRROR:**

- This convex glass mirror gives you the best view of your competition, includes a bracket kit for easy installation
- » All black frame with black anodized machined aluminum brackets
- Only weighs 19 oz

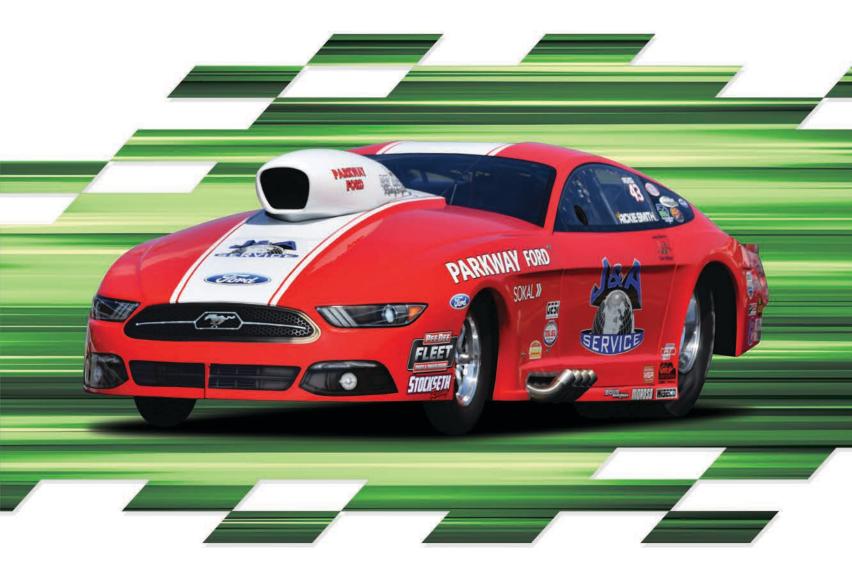

Convex Glass Mirror	00001-85020	\$49

# PROSTOCK/PROMOD

ENGINEERED FOR MAXIMUM PERFORMANCE

The Pro Stock/Pro Mod body reigns as the preferred choice for top drag racers.

It is meticulously engineered to deliver maximum performance on the drag strip, making it the ultimate selection for those seeking speed, precision & winning results.

- » AVAILABLE IN 3 COMPOSITE BLENDS:
- »LIGHTWEIGHT COMPOSITE: Body weighs under 80 lbs
- » CARBON FIBER: Body weighs under 70 lbs
- »ULTRA LIGHT CARBON FIBER: Body weighs under 60 lbs
- » Fits 105" to 115" wheelbase chassis
- » Gray ready to paint finish on all parts

### FEATURED BODY ACCESSORIES

#### WINDOW INSTALLATION KIT:

- » Provides the perfect fit and helps to increase the life of your window
- >> Black oxide coated to prevent rust
- >> This kit has enough hardware to install a complete set of windows on one car
- » Kit includes: 120 6-32 1/2" & 16 6-32 3/4" flat head socket screws, 136 6-32 nylon locknuts, 1 long-arm hex key and 9/64" drill bit

Window Installation Kit 805 \$27

#### VINYL NOSE & TAIL ID GRAPHIC ID KITS:

Built to withstand the rigors of the racetrack, our vinyl graphics are made from high-quality materials that resist fading, cracking, and peeling. They maintain their brilliant appearance even under the harshest conditions.

- » HIGH-TACK ADHESION: Our outdoor high-tack vinyl ensures that your graphics stay securely in place
- » EXTREME DURABILITY: Gloss laminated surface provides excellent protection under the harshest conditions
- » EASY APPLICATION: Installing our graphics is a breeze. With our
  easy-to-follow application instructions and the use of professional-grade vinyl, you can
  achieve a smooth, bubble-free finish that looks like it was applied by a pro!
- » ORDERING INFO: on pages 124-125

# - CARBON FIBER

PREMIUM FLAT SHEETS

- - » High strength to weight ratio & heat tolerance » Flat sheets allow you to custom fit your needs
  - » Laminated for additional strength & durability
  - » Excellent vibration damping characteristics
  - » True cosmetic carbon fiber surface finish
  - » Perfect for interior accent panels

2'X4' & 4'X8' FLAT SHEETS READY TO CUT & FIT!

#### STANDARD WEIGHT CARBON FIBER FLAT SHEETS:

>> Sheets laminated with 2 layers carbon fiber, 1 layer woven fiberglass unless otherwise noted

090-04412	.040" thick, 2'x4'	\$178

090-00421	.040" thick, 4'x8'	\$761
090-00612	.050" thick, 4'x8'	\$802

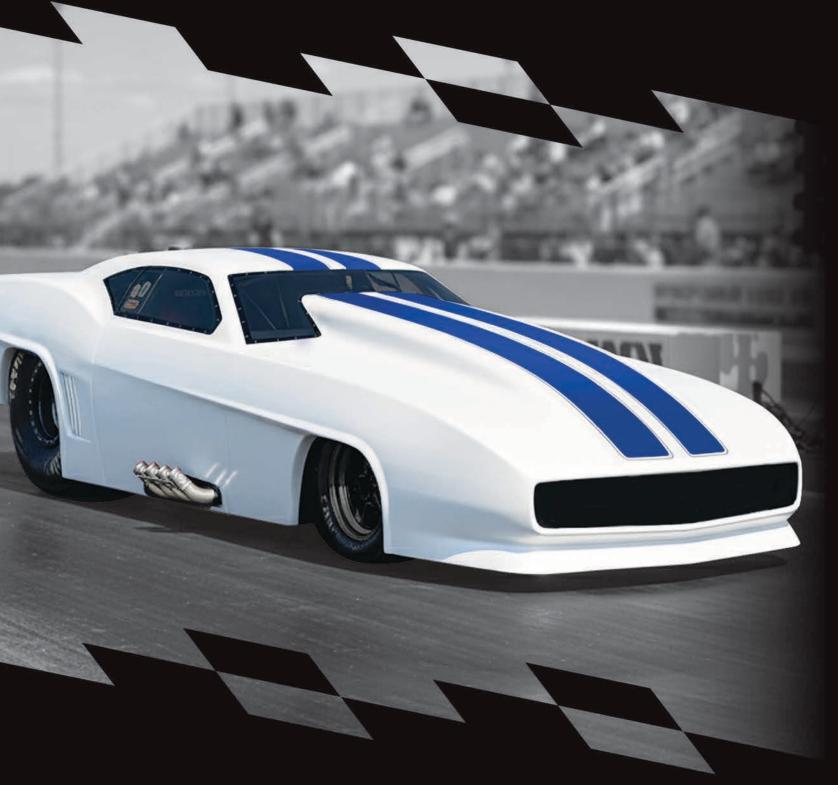

### LIGHTWEIGHT CARBON FIBER FLAT SHEETS:

 $\gg$  Multi-layer laminate consisting of 100% carbon fiber to create the lightest panel possible

090-04430	.040" thick, 2'x4'	\$213
090-00220 (WHILE SUPPLIES LAST)	.028" thick, 4'x8'	\$695
090-00430	.040" thick, 4'x8'	\$816

# -- 159 CAMARO PRO MOD

IF YOU'RE LINED UP AGAINST IT, YOU'RE ALREADY BEHIND!

ENGINEERED FOR TOP-LEVEL PRO MOD PERFORMANCE SUPERIOR DOWNFORCE, HANDLING & PURE SPEED!

## 

LIGHTWEIGHT & DURABLE COMPOSITE CONSTRUCTION

STAGGERED WHEEL OPENING TEAR-DROP SHAPED FOR IMPROVED AERODYNAMIC EFFICIENCY

EASY MOUNT DESIGN FOR QUICK INSTALL

CFD-BACKED FOR SUPERIOR DOWNFORCE

MORE CLEARANCE FOR TIRE DEFORMATION AT HIGH SPEEDS

The '69 Camaro Pro Mod brings a timeless icon into the modern era of drag racing.

Backed by advanced CFD aero analysis, every contour is optimized for balance,

stability, and CFD-backed for superior downforce front to rear. The integrated

staggered right front fender and precision body lines enhance airflow, while

refined rear tire clearance accommodates deformation at high speeds.

# -JUNIOR DRAGSTER

ADVANCED LIGHTWEIGHT COMPOSITE FOR MAXIMUM SPEED!

\$3,765

66511-43412

- » Engineered for superior strength to ensure top-level safety
- » Screen-printed permanent blackout border available
- » Proprietary coating to increase longevity of window
- » Made from our durable polycarbonate material

Windshield, 1/8", black-out border 66511-63253 \$492

# x16

#### **WINDOW INSTALLATION KIT:**

- » Kit includes: 120 6-32 1/2" & 16 6-32 3/4" flat head socket screws, 136 6-32 nylon locknuts, 1 long-arm hex key & 9/64" drill bit
- » The perfect amount of correct hardware to install a complete set of car windows and will help increase the life of your windows
- » Black oxide coated to prevent rust

Window Installation Kit 805 \$27

# RACING WINDOWS

THE #1 WINDOWS IN MOTORSPORTS

Explore the widest variety of racing windows in the industry.

The list of options is endless! If you don't find what you are looking for,

see our custom window section and build your own.

#### **» OPTICAL GRADE MATERIALS:**

Our exclusive grade of polycarbonate material is better than glass, developed exclusively for & only available at Five Star

#### **»EXCELLENT HARD-COATING:**

Our multiple coating types greatly enhance durability with abrasion & chemical resistance, along with UV & anti-fog protection

#### **»SCREEN PRINTED BLACK-OUT BORDERS:**

Our borders use a scratch resistant, non-flaking permanent ink for a clean & professional look, saving you hours of work

#### » CNC TRIMMED FOR EASY INSTALLATION:

Our windows are CNC cut to size with smooth, beveled edges & pre-drilled holes for a consistent, perfect fit

#### MATERIAL:

- >> Two Monolithic Polycarbonate options & thickness:
  - » Clear 100% Light Transmission

BOARDER

- » Tinted 18% Light Transmission
- >> 0.093" 1/8" (0.118") 3/16" (0.177") 1/4" (0.236")
- » Five Star SafeGuard Laminated Polycarbonate
- » Thickness: 0.265"

#### COATED OR UNCOATED:

- » Mar-Resistant coated or uncoated (economy)
- » Coated windows last longer and save you money over time
- >> Uncoated polycarbonate is cheaper but offers no protection against scratching, hazing, and the damaging effects of UV. Plus, cleaning an uncoated window can cause scratch marks that affect visibility.

#### **EDGE TREATMENT:**

>> Edges can be machine beveled and will fit exactly into the window frame

#### CUT:

- Oversize: Typically cut 1-1/2 inches larger than the window frame; requires cutting, trimming, beveling and drilling
- >> Precut to Fit: Straight-cut to fit exactly into the window

#### **INSTALLATION OPTIONS:**

- Option 1: Installation holes are pre-drilled.
- Dption 2: Installation holes are pre-drilled & countersunk

#### **BLACK-OUT BORDER:**

- » Professional appearance is printed with ultra-durable, highquality, scratch-resistant and non-flaking permanent ink.
- » Black-out borders are available on custom formed windows for higher-quantity production runs ONLY.

## **CUSTOM WINDOWS**

» CALL OUR SALES TEAM AT 262.877.2171 FOR YOUR CUSTOM WINDOW NEEDS!

#### **CUSTOM WINDOW SPECIFICATIONS:**

THESE TWO DIMENSIONS ARE NEEDED TO DETERMINE WHICH SHEET TO PURCHASE:

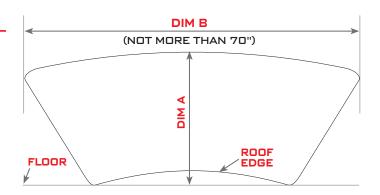

**DIM A - THE HEIGHT:** Place your window on end upon a level space with the roof edge down. Measure (DIM A), from the floor to the highest point

DIM B - THE WIDTH: Measure across the widest point (DIM B) to be sure that the width does not exceed 70"

" If DIM A is less than 39" use Sheet #1

» If DIM A is 39-47" use Sheet #2

MATERIAL	THICKNESS	SHEET #1	SHEET #2
Clear	.093"	\$317	\$363
Tint	.093"	N/A	\$436
Clear	.118" (1/8")	\$353	\$399
Tint	.118" (1/8")	N/A	\$479
Clear	.177" (3/16")	\$424	\$462
Clear	.236" (1/4")	\$505	\$616

#### IMPORTANT INFORMATION:

- Oversized molded sheets are typically 1-1/2" larger than stock (you cut it to fit)
- » Sheets are formed, not flat. Prices on this chart include all forming costs.
- » Contact our Five Star Sales Team for complete ordering information, or to determine whether or not factory glass window is needed for tooling ourposes

#### POLYCARBONATE FLAT SHEETS:

MAR-RESISTANT FLAT SHEETS CANNOT BE THERMOFORMED! Tint is dark gray with 18% light transmission. Custom sheet sizes are available upon request, and with a minimum order quantity.

#### **WINDOW INSTALLATION KIT:**

- » Using proper hardware provides the perfect fit & helps to increase the life of your window
- » Black oxide coated to prevent rust
- >> Enough hardware to install a complete set of windows on one car
- » Kit includes: 120 6-32 1/2" & 16 6-32 3/4" flat head socket screws, 136 6-32 nylon locknuts, 1 long-arm hex key & 9/64" drill bit

Window Installation Kit 805 \$27

#### **IMPORTANT**:

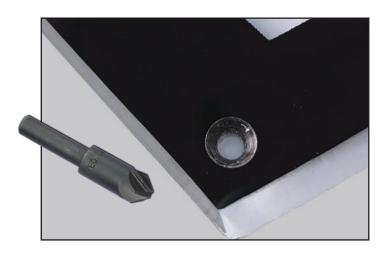

USING RIVETS APPLIES TOO MUCH PRESSURE TO YOUR WINDOW & WILL FRACTURE THE POLYCARBONATE

#### WINDOW INSTALLATION COUNTERSINK DRILL BIT:

- 3/8" diameter steel bit with a 1/4" shank, used for countersinking holes for window screw installation into polycarbonate
- » Not required for precut to fit, beveled, & drilled windows

Drill Bit 805-1 \$19

#### FIVE STAR PLASTIC WINDOW CLEANER:

- This specially formulated anti-static foaming spray contains no chemicals or abrasives that will cause damage to plastic
- » Lifts grease, grime, and wipes off fast and easy to provide a streak-free clean and clear surface finish

Window Cleaner, 19oz Can 843 \$9.95

#### FIVE STAR CLEANING TIPS!

- »ALWAYS AVOID USING ABRASIVE CLEANERS & CHEMICAL SOLVENTS THAT CAN EASILY CAUSE DAMAGE TO POLYCARBONATE WINDOWS
- » USE A MICROFIBER TOWEL FOR BEST, STREAK-FREE FINISH
- »TO PREVENT SCRATCHING AND HAZING ON YOUR WINDOWS, NEVER SCRUB WITH BRUSHES OR ABRASIVE MATERIALS

# BODY MOUNTING TOOLS, BRACING & ACCESSORIES

From Pavement to Dirt, We Offer a Comprehensive Line
of Premium Accessories that are Essential in Achieving
a Complete and Professional Looking Racecar

- » UNIVERSAL BRACING: Support body panels with lightweight components essential to astounding aerodynamics
- » MOUNTING TOOLS: Ensure a professional body installation and easily replace panels throughout the season
- » ACCESSORIES: Everything you need to give your racecar that extra finishing touch

#### FIVE STAR PREMIUM AVEX STYLE MULTI-GRIP RIVETS: THE BEST QUALITY ON THE MARKET

- >> Five Star Rivets have a super-tight grip & won't spin while drilling
- $\gg$  Grip range up to 3/16" for 1/8" rivets & up to 1/2" for 3/16" rivets
- » Use long shank rivets for fastening fender, door, & windshield post together
- » Sold in quantities of 100, 250 & 500; large head & small head with choice of 1/8" unpainted or 3/16" unpainted, white, black, blue, or red W B CB R UNPAINTED

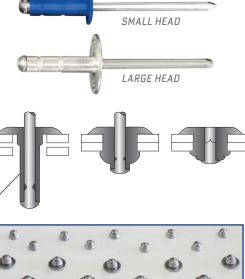

SIZE/DESCRIPTION	QТY	SMALL	LARGE

- Used for hinged hoods
- » Sold as a pair, 2 needed for installation

Hood Prop, pair 000-3400 \$67

FULLY INSTALLED 000-3400

#### FLEXIBLE RADIATOR DUCTS:

- » Retains air flow functionality even after frontal impact & reduces the risk of radiator damage
- » Flexible Radiator Duct replaces rigid metal ductwork with a custom canvas bag & aluminum or plastic framing
- » Long lasting & durable
- » Simple installation
- » Select your model by measuring the size of the radiator core
- » Features molded plastic radiator mounting flanges
- » Plastic Nose Air Inlet Extension (PN 000-409-NP) used for 000-409 Radiator Ducts only

Street Stock (PN 600-409)

- » Fits both '88 Monte Carlo Noses
- » Captures air from both the upper & lower nose grill openings

#### COWL INDUCTION COLD AIR BOXES:

LIGHTWEIGHT. ECONOMICAL. PATENTED FOR PEAK PERFORMANCE.
THERE ARE PLENTY OF AIR BOXES OUT THERE, BUT OURS IS ENGINEERED TO OUTPERFORM THEM ALL.

## NEW 4 BARREL AIR BOXES:

#### REDESIGNED TO MAXIMIZE HORSEPOWER & PERFORMANCE

- >> Universal air box for pavement late model racing
- » Shallow ramp angle engineered for optimal pressure distribution
- » All new prepreg carbon fiber option
- » Improved pressure recovery for maximum horsepower
- 2" drop base for throttle linkage clearance
- >> Lower profile design fits cleanly beneath the hood
- » Precision-fit filter seat for smoother, more efficient airflow
- >> Square corners for easy installation
- » Fits filters as tall as 4"
- » Aero simulated using the latest CFD software
- >> This will be the new standard air box

PATENTED FLOW DESIGN: 4 BBL UNIQUE HIGH FLOW DESIGN A high-temp thermoplastic ring is laminated into the air box form-fits to the carburetor, reducing turbulent air for smoother, faster airflow.

#### **OLD STYLE 4 BARREL AIR BOXES:**

- » Feature a patented machined aluminum adapter ring
- » Available in 0° & 3° to ensure a proper, level fit
- » 3° Air box is commonly used for short track late models
- >> This will be available until the end of the 2026 season

# 4 BARREL COLD AIR BOX

#### OLD STYLE 2 BARREL OFFSET AIR BOX:

- » Designed to allow the element to be flat across the back for engine setback & clearance in the cowl
- » Fits a standard 3-1/2" x 14" filter element
- » This will be available until the end of the 2026 season

#### FLOW BENCH TESTED FOR PEAK AIRFLOW

- Advanced Lightweight Composite & Prepreg Carbon Fiber Options
- » Fits a standard 14" filter element
- >> How to determine air box angle option:
  - » Set car at proper ride height
  - » Place angle finder on carburetor to determine which air box option fits best

New Style 4 Barrel, 3° Angle, 2" drop	10001-53434	\$564

HEIGHT ADJUSTABLE REAR BUMPER KIT (HIGHLIGHTED IN DRANGE)

802-25 | HEIGHT ADJUSTABLE

802-2 | NON-ADJUSTABLE

#### REAR BUMPER MOUNTING KITS:

- » Everything you need to mount the bumper to the chassis
- >> Universal design for all Five Star Short Track Bumper Covers
- » Fits all chassis configurations
- » Available in two options:
- » Height-Adjustable Kit: (PN 802-25) Allows for several different mounting options and pivots to allow precise adjustments to the height of the rear bumper cover
  Kit includes: 2 pivoting chassis mounts; 1 36" long 1-1/2" square piece of tubing; 2 pieces of flat stock; 2 1/2" nuts and bolts
- » Non-Adjustable Kit: (PN 802-2) Make your bumper a bolt-on component Kit includes: 2 3' long x 1-3/4" thick pieces of round tubing, 2 pieces of .120" thick square tubing and 5/16" hex bolts & nuts

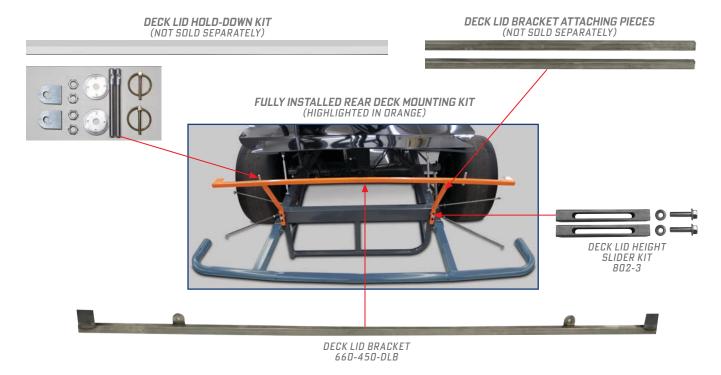

Height-adjustable Kit	802-25	\$49
Non-adjustable Kit (AVAILABLE WHILE SUPPLIES LAST)	802-2	\$43

#### STEEL REAR DECK MOUNTING KIT:

- » Everything you need to properly fabricate a perfect fitting brace from the rear bumper cover & deck lid to the chassis
- » Deck Lid Bracket: (PN 660-450-DLB) supports your rear body clip by securing it to the rear bumper cover & quarter panel.
  Kit includes: 2 tabs for hood pins; weighs 36 oz
- » Deck Lid Height Slider Kit: (PN 802-3) allows for easy adjustment of spoiler height with 3-1/2" of deck lid height adjustability.
  Kit includes: 2 pieces slotted 3/4" square tubing, 3/8" hex bolts & nuts
- » Deck Lid Hold-down Kit: (NOT SOLD SEPARATELY) allows for a removable deck lid.
  Kit includes: 1 aluminum deck lid hold-down strip, 2 mounting tabs, 4 jam nuts, 2 3/8" gun-drilled, anodized aluminum pins & scuff plates (SILVER), & 2 flip-over steel clips

**WEIGHS LESS THAN 2 LBS** 

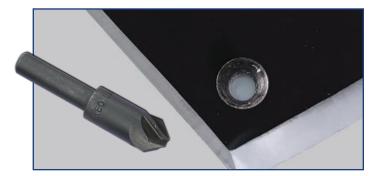

FULLY INSTALLED WINDOW BRACE KIT

## **IMPORTANT:** USING RIVETS APPLIES TOO MUCH PRESSURE TO YOUR WINDOW & WILL FRACTURE THE POLYCARBONATE

#### WINDOW INSTALLATION KIT:

- » Using proper hardware provides the perfect fit & helps to increase the life of your window
- » Black oxide coated to prevent rust
- » Enough hardware to install a complete set of windows on one car
- » Kit includes: 120 6-32 1/2" & 16 6-32 3/4" flat head socket screws, 136 6-32 nylon locknuts, 1 long-arm hex key & 9/64" drill bit

Window Installation Kit 805 \$27

#### WINDOW INSTALLATION COUNTERSINK DRILL BIT

- » 3/8" diameter steel bit, 1/4" shank
- >> Use this drill bit to countersink holes perfectly for window screw installation into polycarbonate!
- >> Ensures a flush fit and a secure hold every time
- » Not required for precut to fit, beveled, & drilled windows

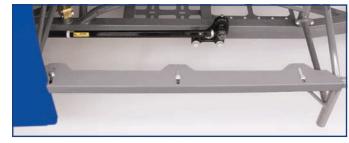

Drill Bit 805-1 \$19

#### RIGHT SIDE DOOR SUPPORT:

- » Easily adjust your right side door to the proper width
- >> This piece connects your right side door bar to your door
- » .080" thick aluminum laser-cut to reduce weight
- » Laser cutting allows for precise, consistent shape & weight
- » Slotted mounting holes allow for easy inner & outer door adjustments to proper width
- >> Weighs under 2 lbs

Aluminum Door Support 11002-75533 \$30

FITS THESE BODY STYLES: ABC NEXTGEN, ABC, S2 SPORTSMAN, NORTH AMERICAN SPORTSMAN, SHORT TRACK TRUCK, DIRT GRAND NATIONAL

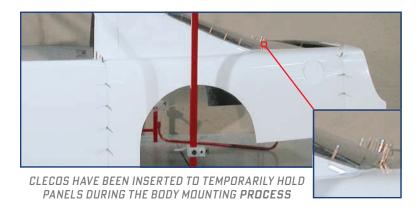

#### DRILL BIT KIT:

- » Special double-ended drill bits
- » These bits drill a slightly larger diameter hole than a standard 1/8" or 3/16" bit to prevent stress cracks in the material
- >> The short drill shaft makes drilling in tight places easier
- » Kit includes: 2 9/64" double-ended drill bits & 2 #30 double-ended drill bits

Drill Bit Kit 806 \$18

#### CLECO KIT & PLIERS:

- » Precision has never been this easy! Cleco Pliers & Cleco Fasteners ensure perfect alignment every time
- » Clecos can be easily inserted with the Cleco Pliers to temporarily hold panels during the body mounting process
- » Our Cleco pliers are engineered for comfort & built to last, ensuring a secure grip & maximum control
- » Choice of 1/8" 25-piece Cleco Kit or 3/16" 25-piece Cleco Kit

1/8" Single Spade Kit, long	812	\$32
3/16" Single Spade Kit, long	813	\$32
Cleco Pliers	811	\$17

#### FENDER-TO-NOSE BACK-UP PLATES KIT:

- » Reinforces the flange where the fenders mount to the nose
- » Pre-drilled holes in the necessary locations for quick & easy mounting
- » Made of .063" thick aluminum
- >> 4-piece kit includes: 2 front & 2 rear plates (ENOUGH FOR BOTH SIDES)

ABC NextGen / NextGen LMSC / NA Sportsman	11002-75133	\$20
MD3 Camaro Stock Car	33131-75133	\$29
Other Body Styles*	000-248	\$21

11002-75133 FOR ABC NEXTGEN, 2020 LATE MODEL STOCK CAR, NORTH AMERICAN SPORTSMAN

000-24B FOR ABC, LMSC, S2, STRAIGHT-UP METAL, DIRT GRAND NATIONAL

#### GREENHOUSE-TO-QUARTER PANEL BACK-UP PLATES KIT:

- » Recommended for molded plastic quarter panels
- $\gg$  Reinforce the flanges where the rear greenhouse meets the quarter panels
- » Universal fit for all greenhouse-style quarter panels
- » Each back-up plate is 60 X 1-12"
- » Kit includes: 2 pre-cut aluminum strips

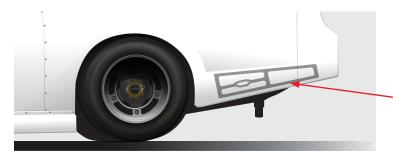

2-Piece Kit	000-27B	\$7

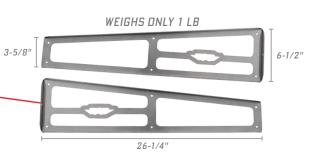

#### QUARTER PANEL BODY BRACE KIT:

- $\hspace{0.1cm} \hspace{0.1cm} \hspace$
- » Highly recommend bracing for tracks 1/2-mile & longer
- » Laser-cut aluminum braces have pre-drilled holes for brace attachment
- » Kit includes: 2 braces that mount approximately 6" back from the wheel opening & 2" up from the bottom ledge

Brace Kit, 2-Piece 11002-75433 \$39

#### ADJUSTABLE BODY BRACES:

- » Used for spoiler & roof supports & anywhere on your car to fit templates & meet other critical dimensions
- >> Easy installation with ends shaped for included screw kit or 2 rivets
- » Adjustable from 8" to 10-1/2" & features durable anodized black finish & zinc-plated hardware
- » Add extra support without adding excess weight! Package of 2 weighs only 1/2 lb
- » Can also be attached to Five Star's Chassis Clamps for quick & easy adjustable bracing on your chassis

Body Braces, 2 pack 807-3 \$35

EASY INSTALLATION WITH ENDS DESIGNED FOR USE WITH THE INCLUDED SCREW KIT OR 2 RIVETS

#### STEEL TUBING INSTALLATION KIT:

- » 55 feet of .035" hard-to-find, lightweight steel tubing for any miscellaneous needs on a race car
- » Will save at least 12 lbs over standard .065" steel tubing
- » Kit includes various shapes and sizes in 60" lengths

11-pieces: 60" lengths	819	\$84
------------------------	-----	------

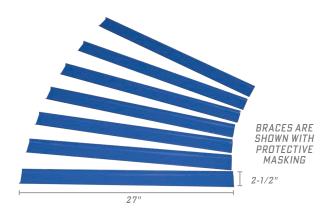

1	Number	Shape	Diameter	Thickness	Length
	1	(3) round	3/8"	.062"	60"
	2	(3) square	1/2"	.035"	60"
	3	(2) round	1/2"	.062"	60"
	4	(3) square	3/4"	.049"	60"

#### FORMED POLYCARBONATE BODY BRACES:

- >> Universal brace to fit any applicable area of your car
- $\gg$  Each lightweight brace weighs only 7 oz
- » Absorbs impact & allows body panels to flex upon impact & return to original position & shape
- » Kit includes: 7 clear polycarbonate braces & 14 1"x2" aluminum mounting tabs

Polycarbonate Braces	804	\$33
----------------------	-----	------

#### ALUMINUM CUSTOM BRACING KIT:

- $\gg$  Build your own custom-length bracing as short as 6" or as long as 40"
- » Order as many tubing kits or end assemblies as needed to custom brace your car
- $\hspace{-1.5pt}>\hspace{-1.5pt}>\hspace{-1.5pt}$  Threaded end assemblies can be bolted, riveted, or attached with hose clamps
- » Complete kit includes: 1 aluminum tubing kit; 1 threaded end assembly kit; 1 left & 1 right 1/4-20 reusable tap
- » Aluminum Tubing kit includes: 2 7/16" x 3' hollow hex rods. Cut to desired length & can be tapped easily
- » Threaded End Assemblies kit includes: 2 right and 2 left threaded ends, 2 hose clamps that weighs 7.5 oz

Complete Kit	807	\$68

ALUMINUM TUBING | 807-1

THREADED END ASSEMBLIES | 807-2

#### STEEL BODY MOUNTING TABS:

- » Designed to be welded onto chassis as a universal mount for many applications
- » Makes mounting easier by positioning bracing and mounts right where you need them
- >> 25-piece kit includes enough lightweight weld-on tabs to install a complete body & weighs 5 oz
- >> Each tab is 1-1/8" x 1-2"
- >> Use for roof, cowl, deck lid, side bracing, and more

25-Piece Kit	807-4	\$35
--------------	-------	------

## 

#### PREMIUM ADJUSTABLE BODY BRACE KITS:

- » Available in three options: aluminum, nylon, or steel
- » Adjustable to a maximum length of 30-1/2"
- » Stamped, black anodized aluminum mounting ends
- Thumb screw for quick, easy length adjustments without tools
- » Kits come complete in a pack of 2

Flexible Nylon Brace Kit	10001-75951	\$33
Aluminum Brace Kit	10001-75933	\$33
Steel Brace Kit	10001-75931	\$25

#### **ALUMINUM CHASSIS CLAMPS:**

- $\hspace{.1cm}$  Universal mount fits anywhere bracing is needed
- » Eliminate the need for welding or use of hose clamps when mounting body braces
- » Threaded flange / no nut required
- >> Three options to fit different roll bar tubing thickness
- » Lightweight black anodized aluminum, each clamp weighs just 1.3 oz
- >> Ideal for use with Five Star's Premium Adjustable Body Braces
- » Kits include: 2 clamps with 1/4-20 screws

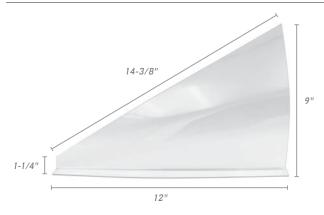

1-1/2", aluminum, 2 pack	10001-74133	\$21
1-3/4", aluminum, 2 pack	10001-74333	\$21

THE 11002-66222 DOOR VENT WINDOW IS CUT-TO-FIT FOR FAST & EASY INSTALLATION

THE 000-6202 DOOR VENT WINDOW IS OVERSIZED; TRIM TO FIT YOUR APPLICATION

#### **WIDE ANGLE RACING MIRROR:**

- » This convex glass mirror gives you the best view of your competition, includes a bracket kit for easy installation
- » All black frame with black anodized machined aluminum brackets
- Dnly weighs 19 oz

Convex Glass Mirror 00001-85020 \$49

#### UNIVERSAL MIRROR MOUNTING BRACKET:

- » This stamped lightweight aluminum bracket allows for easy installation on any chassis
- » Satin black powder coated finish

Replacement Bracket 820-B \$9 ea

## - SURFACE PREP

#### MD3 ADHESION PROMOTER:

- Specifically engineered adhesion promoter assures proper paint bonding to our special plastic
- Other automotive grade primers on the market may not work at all or cause severe paint flaking
- » Improves adhesion of vinyl by enhancing the bond between adhesive on the vinyl and the substrate, for a more durable, long-lasting application
- » Comes in an aerosol spray can for quick and easy application
- » A single can coats approximately 5 individual parts

MD3 Adhesion Promoter 842 \$16

A MUST USE PRODUCT BEFORE PAINTING OR APPLYING VINYL ON ANY FIVE STAR PLASTIC PART

#### FIVE STAR PLASTIC WINDOW CLEANER:

- » This specially formulated anti-static foaming spray contains no chemicals or abrasives that will cause damage to plastic
- » Lifts grease & grime, wipes off fast & easy to provide a streak-free clean & clear surface finish

Window Cleaner, 19oz Can 843 \$9.95

#### **>>FIVE STAR CLEANING TIPS!**

- » ALWAYS AVOID USING ABRASIVE CLEANERS & CHEMICAL SOLVENTS THAT CAN EASILY CAUSE DAMAGE TO POLYCARBONATE WINDOWS
- >> USE A MICROFIBER TOWEL FOR BEST, STREAK-FREE FINISH
- >> TO PREVENT SCRATCHING & HAZING ON YOUR WINDOWS, NEVER SCRUB WITH BRUSHES OR ABRASIVE MATERIALS

RICH WATSON
Sales / Customer Service
Team Member Since 2019

RYAN LAATSCH Sales / Customer Service Team Member Since 2025

It takes a winning team to build winning products.

Every part we make starts with the people who make it happen.

### FIVE STAR FAMILY VALUES

#### DRIVE OUR BUSINESS TOWARDS SUCCESS

CARL SCHULTZ

**COREY SCHULTZ** 

**GARRETT SCHULTZ** 

HALEY SCHULTZ

HEIDI SCHULTZ

One of our great sources of pride at Five Star is the fact that we are a family-owned business. Our values as a family help guide our management of the business, and Carl takes great joy in knowing the company he has led to date is in good hands going forward. Each family member takes an active role in the day-to-day operations and looks forward to building on the legacy Carl has built for years to come.

We use the values of the Schultz Family as a guiding philosophy for running the business. These values are as follows:

#### **CUSTOMER FOCUS:**

Cultivate Lasting Relationships Based on Trust, Reliability and Exceptional Service

Uphold the Highest Ethical and Professional Standards in All Our Actions

#### INNOVATION:

Strive for Continuous Learning and Improvement in All Aspects of Work

#### **DEDICATION:**

Fully Invest Ourselves in Our Roles, Team and Company

#### **WINNING:**

Be Leaders, Not Followers in Every Market We Serve

We are committed to these values and they are reflected in every area of our lives and how we do business. The adoption of these core values is essential to executing our strategy and ensuring a work environment that supports The Company's objectives and inspires employees to new levels of productivity, helping them achieve their professional goals. We are confident in our ability to execute on our strategies making Five Star a fun, rewarding place to work.

THE FIVE STAR ROAD TOUR is our hands-on, mobile brand experience—crisscrossing the country with one goal in mind: bringing the latest and greatest Five Star & MD3 body panels and accessories directly to the track. Led by longtime dirt racing expert Dan Robinson, the tour stops at major events, dealers, and grassroots shows to connect with racers where they race. Whether you're chasing downforce or looking for durable, race-ready innovations, we invite you to stop by and visit the van. You'll find new product displays and exclusive MD3 body panels!

Racers can see the parts up close, share their ideas with the team and give direct feedback that shapes what we build next!
