Provide a secure installation of your body panels with Five Star Rivets & Washers!

Five Star Rivets pull much tighter than other, cheaper rivets.

Washers are oversized to fit with Five Star Rivets and keep rivets tight no matter how much vibration

## FIVE STAR PREMIUM WASHERS:

- » Five Star Premium Washers are lightweight & available in 3 sizes
- » Recommended for all plastic & composite body panels to keep them tight & prevent rivets from pulling out

| TYPE     | SIZE (I.D.) | SIZE (O.D.) | QTY |           |      |

# BODY MOUNTING TOOLS,

## COWL INDUCTION COLD AIR BOXES:

**LIGHTWEIGHT. ECONOMICAL. PATENTED FOR PEAK PERFORMANCE.**  
THERE ARE PLENTY OF AIR BOXES OUT THERE, BUT OURS IS ENGINEERED TO OUTPERFORM THEM ALL.

### **NEW!** 4 BARREL AIR BOXES:

#### REDESIGNED TO MAXIMIZE HORSEPOWER & PERFORMANCE

- » Universal air box for pavement late model racing
- » Shallow ramp angle engineered for optimal pressure distribution
- » All new prepreg carbon fiber option
- » Improved pressure recovery for maximum horsepower
- » 2" drop base for throttle linkage clearance
- » Lower profile design fits cleanly beneath the hood
- » Precision-fit filter seat for smoother, more efficient airflow
- » Square corners for easy installation
- » Fits filters as tall as 4"
- » Aero simulated using the latest CFD software
- » This will be the new standard air box

**PREPREG OPTION**  
WEIGHS UP TO 1 LB LESS THAN  
THE ADVANCED LIGHTWEIGHT  
COMPOSITE OPTION

**PATENTED FLOW DESIGN: 4 BBL UNIQUE HIGH FLOW DESIGN**  
A high-temp thermoplastic ring is laminated into the air box form-fits to the carburetor, reducing turbulent air for smoother, faster airflow.

### OLD STYLE 4 BARREL AIR BOXES:

- » Feature a patented machined aluminum adapter ring
- » Available in 0° & 3° to ensure a proper, level fit
- » 3° Air box is commonly used for short track late models
- » This will be available until the end of the 2026 season

4 BARREL  
COLD AIR BOX

### OLD STYLE 2 BARREL OFFSET AIR BOX:

- » Designed to allow the element to be flat across the back for engine setback & clearance in the cowl
- » Fits a standard 3-1/2" x 14" filter element
- » This will be available until the end of the 2026 season

2 BARREL  
COLD AIR BOX

### FLOW BENCH TESTED FOR PEAK AIRFLOW

- » Advanced Lightweight Composite & Prepreg Carbon Fiber Options
- » Fits a standard 14" filter element
- » How to determine air box angle option:
  - » Set car at proper ride height
  - » Place angle finder on carburetor to determine which air box option fits best

|   |             |       |

# **SURFACE PREP**

## **FOR PLASTIC**

### **MD3 ADHESION PROMOTER**

**FAST DRYING  
& NON-SANDING**

#### **MD3 ADHESION PROMOTER:**

- » Specifically engineered adhesion promoter assures proper paint bonding to our special plastic
- » Other automotive grade primers on the market may not work at all or cause severe paint flaking
- » Improves adhesion of vinyl by enhancing the bond between adhesive on the vinyl and the substrate, for a more durable, long-lasting application
- » Comes in an aerosol spray can for quick and easy application
- » A single can coats approximately 5 individual parts

|                       |     |      |
|-----------------------|-----|------|
| MD3 Adhesion Promoter | 842 | \$16 |
|-----------------------|-----|------|

**» A MUST USE PRODUCT BEFORE PAINTING OR APPLYING VINYL ON ANY FIVE STAR PLASTIC PART**

#### **FIVE STAR PLASTIC WINDOW CLEANER:**

- » This specially formulated anti-static foaming spray contains no chemicals or abrasives that will cause damage to plastic
- » Lifts grease & grime, wipes off fast & easy to provide a streak-free clean & clear surface finish

|                          |     |        |
|--------------------------|-----|--------|
| Window Cleaner, 19oz Can | 843 | \$9.95 |
|--------------------------|-----|--------|

#### **» FIVE STAR CLEANING TIPS!**

- » ALWAYS AVOID USING ABRASIVE CLEANERS & CHEMICAL SOLVENTS THAT CAN EASILY CAUSE DAMAGE TO POLYCARBONATE WINDOWS
- » USE A MICROFIBER TOWEL FOR BEST, STREAK-FREE FINISH
- » TO PREVENT SCRATCHING & HAZING ON YOUR WINDOWS, NEVER SCRUB WITH BRUSHES OR ABRASIVE MATERIALS
